Dear Mr. Burnstark and Judge ~~Magistrate~~
420CR00773
Sep/JMB Magistrate

First all wanted to say thank you in regards
to the correspondent, based upon my concerns. Understand you
totally on the behalf of the methods you advised me
of 51% and 90%. Wanted to allow you to understand
why I anticipate on highlight the "alleged Assault from Oct 14",
I totally notice that the "SLMPD" probable cause was
to detained me for "Assault first," which I should've
never being approached in the manner of in "suspect"
solely based upon evidence clearly show how me,
"Sparkle Kennell, Katie Kennell" was victimized. This
new footage showed "suspects" ambushed my resident
8743 Annetta, each witness as well "911 caller sparkle Kennell"
gave "SLMPD" verbal statements of incident that
clearly coincided with footage. The officer even
stated observing the ~~car~~ car that fit description used
in footage that registered to ^{the} women that was
described as 911 caller who instead SLMPD ~~so~~
the crime would go according (8553 Church). So
clearly the initial arrest was "illegal arrest." No
reason I should've been apprehended for a crime
that I was a "victim" of, "US vs Wright 8/19/2016"
"US vs Alvarez Gonzalez 2003" clearly shows that SLMPD
need legit reason to search a registered ~~car~~ car on private

property to individual 8743 Annetta is addressed on my Driver License which make it private residence/property.

* Wasnt a traffic stop becuzse the car was no longer being operated. Based upon the whole approach for "Assault" made it by law "Illegal arrest" which show no "probable cause" for me even being detained, Each case you read relevance to this matter clearly show the arrest was "illegal and search". (1) Car parked in driveway upon arrest (2) Never gave verbal nor nonverbal to search (3) 911 caller and victim "Sparkle Kennell" is registered to car and gun. (4) Each victim and witness gave vivid description of "suspect" in "Assault" and footage showed what witnesses described (5) Victim and 911 caller of "Assault" was present of arrest and never was assisted with crime instead treated like "nobody" (6) * Police report clearly states I was "victim" of "Assault" why am I threatened and thrown down like suspect. How can I take my attention off the "Assault" charge when that was they "probable cause" which was "an illegal arrest" By law if the initial arrest made "Illegal" and footage proves all charges shall be dismissed" by law "probable cause has to be "lawful"

* Can you file motion to dismiss and quash indictment
The initial arrest was by law and can be proven to be an "illegal arrest"
